Facebook: EVA– Migrant Entrepreneurs

## WHY:

Entrepreneurship is for many migrants/refugees a possibility to become self-sustainable and create a job. At the same time many of them face challenges and obstacles when starting up or have less success with their business over time.

This was the challenge the EVA project set out to meet by creating a platform that ensures the individual knows their entrepreneurship potential, guides them on how to develop their skills, and finally tests their acquired skills.

## WHAT:

This event marks the official launch of our platform for wider use. During the event you will get an introduction to the platform and learn more about its potentials for use – whether you are a migrant, a counsellor, a teacher, etc.

Besides getting to know the EVA platform the event will focus on sharing good practices and methods on entrepreneurship, migrant integration on the labour market and skills development of migrants.

The event will be a mix of presentations, workshops and active networking opportunities. Keep an eye on our website or Facebook-page where we will announce the speakers and themes as they are confirmed.

**For national participants from Malta:** Participation is free of charge - registration necessary!

**For international participants:** Participation to the event is free of charge and includes one nights stay at the Grand Hotel Excelsior (night of the 20th). Furthermore we offer a 50 € reimbursement to help cover your travel expenses (international and local). The conference will include a free walking tour.
